PROFILE

I'm very serious while accomplishing my daily objectives based on manager's orders, very kind, respectful with anyone, hard-working on any personal/professional goal, ambitious.

EDUCATION

2017   **|**   High School Diploma. / Barcelona.
2019   **|**   Front-end Developer & Tester - Netmind Academy (Bit) / Barcelona.

CURRENT TECHNOLOGIES

- HTML5 / CSS3

- Responsiveness

- JavaScript (+ ReactJS, Gatsby)   ---   Typescript (basic level)

- GraphQL

- Git / npm.

P.S: As a developer itself, my objective will be always to learn any other library / framework / ... on two different and possible scenarios: while I'm on non-working hours (holidays included) AND/OR if my employer does want to swap from X library to another technology as soon as possible, preferably before meeting a given deadline.
